KEY DIFFERENTIATORS

- ***Over 20 years of combined experience providing software, business, and IT services.***
- ***A strategic blend of technology, business, and engineering.***
- ***Value-Based Relationship approach that allows us to solve problems and create opportunities that our customers hadn't realized existed.***
- ***Results oriented culture.***

ABOUT US

The Monarch Rose provides Software Engineering and Information Technology Services to the federal and state governments and local municipalities. We deliver secure, reliable, and quality software solutions, business systems optimizations, and technical installations ensuring our customers' success.

CORE COMPETENCIES

• ***Software Engineering***

We leverage a sound development lifecycle to deliver well-designed, seamless, and highly scalable software and cloud applications. Our Software Solutions remove redundancy through automation to reduce cost and increase productivity.

• ***Technical Consulting***

Our Consulting Services focus on integrated or stand-alone technical solutions designed to enhance the performance of your business and development teams. We specialize in Salesforce and other software implementations.

• ***Technical Installations***

We provide a wide range of reliable installations, setups, repairs, and optimizations, including network installations, WIFI, and hardware setup, security camera and TV mount installations.

PAST PERFORMANCES

ITCO Solutions

- Provided engineering services to deliver innovative solutions.
- Reduced operational costs through cloud automation.
